August, 2020

Dear Friends of the Old West Church:

Since 1823 the Old West Church has stood as a reminder of community, tradition, new beginnings, faith, love, and friendship. During difficult times these attributes form the core of what sustains us. It is a reminder that with care and attention those things that are most important to us endure.

In order for the Church to endure we ask for your generous support again this year. During this time when much of what is normal has been turned on its head, the constancy and inclusiveness that the Old West Church represents is of essential importance.

With your support, we were able to finalize all of the steeple work and paint the exterior last year. There is still much work to be done including attention to the steps, windows, the foundation, roof, and chimney. Your gift, large or small, will support our efforts to maintain the historic meeting house for generations to come.

We also encourage you to give generously to organizations serving our friends and neighbors who are having trouble getting through each day. The multi-generational spirit that resides within the Old West Church would approve!

Thank you.

Stay safe and stay well,

Barbara, Donna, Sue, Richard and Caitly
